Superdry®Careers

Junior Designer – Childrenswear

The Role

The Superdry brand is a genuine British success story that has grown to a turnover of £872m, £97m profit and a strategic plan in place that will make us a £1bn turnover company by 2020. Our brand is already worth £1.6bn in total global consumer sales. We are a multichannel operator with well-developed and highly successful retail, ecommerce, wholesale and franchise businesses and customers in virtually every country in the world. We are well on our way to achieving our goal of becoming a global digital brand.

We are immensely excited to be launching Superdry Kids in 2019 catering for 6-12 year olds and therefore have an amazing opportunity for an experienced Childrenswear Junior Designer to join the team and help shape our newest category. Working within our talented team you will build a creative and innovative range in line with the Superdry design global vision.

When applying for this role please attach a copy of your portfolio.

You will

- Design amazing new product in a wide range of fabrics and styles in line with critical path deadlines
- Prepare a series of design ideas and inspirations for each season, driving and influencing the category commerciality, our Brand DNA and innovation
- Research competitors and trend/street style that is relevant and new for our brand
- Take responsibility for knowing our supply base and their capabilities
- Consider the trim/labelling requirements which is integral to our designs, working closely with our in-house branding team
- Push the boundaries of innovation bringing fresh, current ideas and concepts to your category
- Have a commercial awareness of what's current within the market
- Liaise with Category Management to discuss best sellers and up to date sales and action developments based on any new learnings
- Demonstrate a thorough knowledge of the supply base and understanding of colour, fabric, branding and trims, with a focus on jersey and wovens.
- Create accurate tech and design packs to provide information to suppliers and the wider business, ensuring that they are clear to produce "right first time" samples.
- Take responsibility of CAD overviews for updates and range sign off meetings.
- Take responsibility for accurate PLM system input and take ownership of your option counts and sampling
- Attend Quality and Technical fit sessions and SMS handovers; taking clear notes, collating information and actioning design amendments
- Liaise with legal and understand design legality
